

JOSEPH AOGA

WEB DEVELOPER & COMMUNITY DEVELOPMENT WORKER

I am a frontend web developer, designer and blogger with 5+ years' experience in HTML, CSS, JavaScript and React. I'm proficient in responsive design and seamless UI/UX. I utilize my digital skills on contributing to greater good of the society. I am dedicated to leveraging technology as a force for positive change in the service of others.

SKILLS

- HTML, CSS, JavaScript & React.
 - Responsive design & UI/UX Principles.
 - Git Version Control System
 - API Integration.
-

EDUCATION

ZERO TO MASTERY ACADEMY

Certificate, Fullstack JavaScript

2018 - Present

DIMA COLLEGE

Diploma, International Freight Management

2011 - 2013

EXPERIENCE

VOLUNTEER MANAGER, COMMUNICATION & DATA

Child-Help Kenya 2024 - Present

My role involves overseeing communication strategies and managing data assets effectively. I develop and execute communication plans to engage stakeholders, and I'm tasked with collecting, analyzing and interpreting data for informed decision-making and measuring the impact of our initiatives.

FINANCE & ADMINISTRATION MANAGER

SHAK Nairobi 2020 - 2023

Directed financial operations and administrative functions, encompassing overall reporting, budgeting and both internal and external communications, along with administrative processes management.
